CHAITANYA KATARE

Flutter & Full-Stack Developer

Flutter · Next.js · TypeScript · FastAPI · Firebase · Supabase

PROFILE

Full-stack developer who ships **production Flutter apps to Google Play** and builds web products in **Next.js and TypeScript**, backed by **FastAPI**, **Firebase** and **Supabase**. I own products end to end: mobile and web clients, backend services and the admin panels teams run on. Open to full-time roles.

EXPERIENCE

Software Developer
Jan 2026 – Present

Aainova · Navi Mumbai

- Started on mobile building cross-platform **Flutter** apps, then grew into full-stack ownership across the product.
- Shipped live products: **Hommigo**, **Aptam** and **Doc Scanner** on Google Play, and the **Quotation System** web app.
- Run projects end to end: mobile apps, **Next.js** web apps, **Python FastAPI** services on **Firebase** and **MySQL**, and the admin panels the team uses daily.

Flutter Developer
May 2025 – Sept 2025

Prosoft Informatics Pvt. Ltd. · Navi Mumbai

- Built a cross-platform medical-services app in **Flutter** for Android and iOS, owning front end, backend and debugging on both.
- Integrated **Google Maps and GPS**, **Azure Translator** for multi-language support and **OCR** for automated data capture.

Web & Flutter Developer Intern
Jan 2025 – May 2025

LawCrust Global Consultancy · Navi Mumbai

- Built responsive websites and a **Flutter** Android prototype; integrated **Razorpay** payments, the **WordPress API** and **Twilio** booking confirmations.

Frontend Developer Intern
Jan 2024 – May 2024

Jio Platforms Ltd · Navi Mumbai

- Built responsive RPOS front-end screens with **React.js**, HTML5 and CSS3; integrated REST APIs tested in Postman.

Joint Technical Head
Sept 2022 – May 2024

IEEE-PCE · Panvel

- Led and mentored a technical team; ran workshops and event tech setup.
